# FAMILY SESSIONS

*Natural. Fun and Relaxed Photography*

# HELLO

## AND WELCOME!

I love capturing special moments and memories; it's the reason why I first picked up a camera when I was seven. Whether the moments are with your family, your new arrival or on your wedding day, each milestone is special and worth capturing.

I describe my style as natural and fun. I love to shoot beautiful, relaxed, and genuine photographs that really celebrate you and your family.

I started my business 12 years ago and I haven't looked back since. It's been an amazing journey and I look forward to being a part of yours.

# ABOUT ME

Hi! I'm Christina and I run Fish 2 Photography; a small business based in Preston, Lancashire. I specialise in documenting your most significant occasions.

I love photography; it has been a passion of mine since I was little. I remember picking up the family 35mm film camera and taking loads of photos, annoying my mother with random photos of family and the historic places we would visit on holiday. I guess I was just fascinated by suspending that specific moment in time - something I don't think I've ever lost. I still love taking photos and capturing those moments that will never come again.

In my downtime, I enjoy time with my husband and our children, my family and our close friends. I love creating arty stuff of every kind so I also do painting and anything else I can get my hands on.

I look forward to meeting you and capturing the moments that matter to you.

# BOOKING WITH ME

Family photography, for me, is all about capturing those special moments, moments that will never come again. The time when your baby is just a few days old, when your toddler is all about splashing in muddy puddles, those moments before they start primary school or even just your favourite season. Sometimes it doesn't have to be a big celebration just a time for you to capture some great family photos.

Once you have decided upon your package, I can help advise with this, I send over an invoice for a 50% deposit, a contract and a little questionnaire to fill out and return. Once I have this back your booking is finalised and your date is in my diary, exciting! The remaining 50% is due the day of your shoot.

Once everything is booked in I will always be at the end of a phone call or email if you ever need anything, or just want to check anything before your shoot other than that we will chat through the location for your shoot and times.

# FRESH 48 PACKAGES

## **FRESH 48** **£80/£150**

A fresh 48 session is a wonderful way to capture your newborn in a natural and relaxed way. I come over to your house in the first 7-10 days of your baby arriving and capture those first special moments together. The session lasts 60 minutes.

- 60 minute photography session
- Private online gallery
- 50 downloadable images you can choose from the session

The £150 package includes everything above but also has a Personalised USB with ALL your photos on to treasure.

## **BUMP AND BABY** **£130/£175**

A Bump and Baby session is a wonderful way to capture the stages of pregnancy and being a newborn in a natural and relaxed way.

About 4 weeks before your due date we organise a 30-minute session to capture your bump.

Once you have had your lovely bundle of joy I come over to your house, usually in the first 7-10 days of your baby arriving, and we spend 45 minutes together capturing those first special moments together.

- Two photography sessions
- Private online gallery
- 50 downloadable images you can choose from the sessions

The £175 package includes everything above but also has a Personalised USB with ALL your photos on to keep forever.

# SESSION TIPS

My first tip and possibly the most important is to relax. My photography sessions are relaxed and I want to capture your family as they are, the silliness, the hugs, the moments in between, it's all important and special.

Secondly don't worry if your kids need a snack or their milk, it gives them a moment to relax and recharge and have a breather and helps the rest of the shoot go smoothly. I know when I'm hungry I'd like a snack so I completely understand the need haha.

Don't worry too much about your outfits, I recommend you don't wear big logos or clothes that are too dark. Wear the styles you and your family would normally wear. Colour co-ordinating is always pleasing to the eye but is not necessary. My photos are always natural so I want you to feel comfortable.

Lastly just enjoy the session, you may say 'oh I hate having my photos taken' or 'oh I'm not very photogenic' well I say that's nonsense! Your photos are memories of a time and place and something for your o look back on. They capture who you are beautiful, loved and amazing and the people who love you will cherish those photos forever, showing them to friends and family alike.

The  
Wonder  
in you
